To whom it may concern

Tanya and Christine (The Marigolds) have been working for us since April 2016. They are both highly professional, hardworking and thorough with very good interpersonal skills. During the period they have worked with us, Tanya and Christine have taken on the weekly responsibility for the changeovers in a number of large luxury houses including a property for eleven guests. Tanya and Christine are both reliable and trustworthy enabling us to ask them to be key holders for the accommodation they are looking after. They work to a high standard without the need for managerial supervision. In addition to the holiday lets they were requested to be responsible for a second home.

I would have no hesitation in recommending Tanya and Christina for any new post.

Kind Regards

Emily

To whom it may concern:

February 2017

Tanya and Christine (The Marigolds) have been working for me since October 2016. They clean our holiday let apartment to a very high standard. We have had very positive feedback from guests regarding the cleanliness and presentation of the apartment on arrival. They are well organised and stay in contact with me concerning any problems that arise. Tanya replies promptly to text and emails and they check on the apartment if it has been unoccupied for a while. They definitely do a first class job - great to have found such reliable cleaners.

Kind regards

### Marigolds Cleaning Company

Tanya Glomba and Christine Zeidlhack of Marigolds cleaning company have been cleaning and looking after our personal holiday home for over a year. We can recommend them to you without reservation in every respect for their professionalism, thoroughness, reliability, initiative and the outstanding quality of their service. We have employed several cleaning companies over the years and Marigolds are by far the best, the quality of their work in our experience is unmatched. In addition communication from Marigolds is always timely, thoughtful and efficient.

The attention given by Tanya and Christine to small details is outstanding and makes the difference between merely preparing the house and making it welcoming very evident. This was very clear to us recently this winter after arriving at the house following a 12 hour journey. The house was exactly as we would wish and we were able to relax and enjoy our stay from the very beginning. It was not only spotlessly clean and perfectly prepared but cosy and completely welcoming.

A further example of the typical thoughtfulness of Tanya and Christine exemplifies the outstanding quality of the service they give. Recently on arriving to prepare our house during the winter they discovered the heating was not on and that the main bedroom had become damp as a consequence. They responded by laundering the bed linen and bringing in their own dehumidifier to rectify our mistake, promptly checking with us that we were happy with their actions. Of course we were, and could not think of a more welcome response on their part.

We recommend the excellent service provided by Marigold unreservedly. Please do not hesitate to contact us if you would find further detail helpful.

To whom it may concern,

Tanya and Christine have been cleaning our family home regularly since October 2017. We live in an old chapel, which isn't easy to deal with, and we have a very non-standard set up as we are both artists with two children and a cat. It is not an easy job to clean the house, but Tanya and Christina are uniquely up to the job. It's wonderful, and very rare, to have such conscientious and reliable cleaners.

They work to a high standard, and are very thorough. They are also tactful, sensitive and polite. They always respond very positively to requests on details of the jobs to be done each week, which makes me feel very reassured that they can prioritise what is most important to me on any given day. They also prize their ability to take the initiative, and to make decisions about cleaning if it is not practical to ask. The communications with Tanya about dates and times for cleaning sessions, as well as billing, are always efficient and friendly. They are key-holders to our house, as I trust them implicitly.

I have recommended their work to several friends, plus to Clarence House in Penzance, all of whom are more than satisfied with their work. We have had a number of cleaners over the past decade, and The Marigolds are far and away the best I have ever employed. It is very lucky for our family to be able to employ them, and to benefit from their experience and energy.

All Best,

Abigail Reynolds

To Whom It May Concern

21st March 2017

Tanya and Christine (The Marigolds) have been in my employment for over a year (since April 2016) and they look after two of my properties in Sennen (Sea Salt and Little Rocks).

They are extremely professional hard working and meticulous in everything they do. Not only do they keep the houses spotless they always take time to ensure that when the guests arrive every detail has been taken into account. They go to a lot of trouble and if required they will providing a lovely Cornish Hamper, which they sourced them selves.

They are not afraid to take the initiative and sort out any unexpected problems that may occur, this is invaluable to me as I live in London and I don't know how I would manage without them. Not forgetting our four leg friends, they even made a hamper for them !!

I have had several house keepers so without hesitation these two are at the top of my list.

Best Wishes

Catherine Pownall

**To whom it may concern**

Tanya and Christine have been cleaning our fairly large home since October 2016 on a weekly basis.

My husband and I are delighted with their standard of work. They are always punctual and work extremely hard to make sure our home is spotless. We always feel our house looks like upmarket hotel accommodation when they have finished. We feel they are totally trustworthy and are very happy to leave them with a key to our property. There is no comparison between Tanya and Christine and other cleaners we have employed in the past.

In addition, I have recommended them to friends of mine and they are equally impressed with their standard of work and reliability.

I am quite happy to be telephoned if any further information/reassurance is required.

### To Whom It May Concern

Tanya Glomba and Christine Zeidhack of The Marigolds have been cleaning for us at Clarence House Therapy Centre since July 2018. They clean to a consistently high standard, with a great attention to detail. They are honest, reliable, flexible and extremely hard working. They are also conscientious and observant, and let us know quickly if there is anything in the Centre which needs attention. They are an asset to our Centre and I can't recommend them highly enough.
